Join Dwynn in this workshop where you will play with your feet to make this darling coaster thread catcher. Yes, you heard that right your feet, sewing machine feet that is! In the class you will have time to complete two coaster thread catchers, one for you and one to maybe give a friend. Dwynn's pattern, tile and strapping provided in the workshop.

Supplies to bring to class in addition to your sewing machine plus your manual and basic sewing supplies:

1/3 yard of fabric for the lining for each thread catcher

1/3 yard of fabric for the outer layer for each thread catcher
