

August Challenge BOTM 2019

The Value Block

Kathleen Culver won July's Christmas block. There were 22 blocks in total! Congratulations Sweet Kathleen!

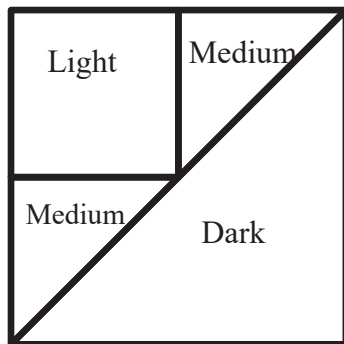

Special Thank You to Judy Schuler for helping out in July and to Marlene Barnett in June.

6 1/2" Unfinished Block

Please use 100% cotton

Summer is busy so lets do a simple but fun block that can make a stunning quilt! Lets see how many you can make. Use a Light , Medium and Dark fabric... Did you know that value is the most important element in your quilt's design? This is a scrapyer the better type of quilt! So mix it up **don't make any two blocks the same**. Use prints or solids as along as the value is correct for the block you are making. You can make several types of quilt designs with the lay out of this block.

2 Sew the Dark HST to the Light/ Medium section as shown. Viola you're done! How many can you make? There are several variations of designs you can make using this block. It is a favorite!

For each block cut :

- (1) 3-1/2" square of Light fabric
- (1) 3-7/8 " square of Medium fabric cut in half diagonally to give you (2) HSTs Half Square Tringle
- (1) 6-7/8" of Dark fabric cut diagonal to give you one half square triangle.

1. Sew the short side of Medium HST to the light 3 1/2" square. Repeat with the other side. Press open.
