3. Use heavy thread. Use the template below to make Yo-Yo's. Follow the link for instructions on how to make a Yo-Yo. Leave the center hole a little open so it can expose the red scrap fabric. After the Yo-Yo is completed place a piece of red fabric in the center of the Yo-Yo. Now place Yo-Yo in the center of the blocks as shown. make sure the gathered hole is facing up toward you. Using red thread sew an X in the red scrap through the center of the Yo-Yo and all layers of the block. This will hold it down in place.
